

SMMT MOTOR INDUSTRY FACTS 2026

The Society of Motor Manufacturers and Traders (SMMT) is one of the largest and most influential trade associations in the UK. Its resources, reputation and unrivalled automotive data place it at the heart of the UK automotive industry. SMMT undertakes a variety of activities to support and represent the interests of the industry and has a long history of achievement.

Working closely with member companies, SMMT acts as the voice of the UK motor industry, supporting and promoting its interests, at home and abroad, to government, stakeholders and the media.

SMMT represents more than 800 automotive companies in the UK, providing them with a forum to voice their views on issues affecting

the automotive sector, helping to guide strategies and build positive relationships with government and regulatory authorities.

To find out how to join SMMT and for more information, visit **www.smmt.co.uk/membership/** or email **membership@smmt.co.uk**

Keep up to date with the latest news, comment and insight from SMMT, covering all key UK automotive industry issues, developments and trends, including market and manufacturing performance across every sector.

Automotive is global and the UK industry is not alone in its ambition, its transformation or its challenges. But the UK must also deal with changing trade relationships, markedly higher energy costs and the most ambitious timescale for regulatory measures to deliver zero emission mobility. Our Vision 2035 is clear. Provide the framework and the growth will follow.

2025 registrations
by sales type

Business

If the vehicle is being registered by a company that operates up to 24 vehicles, it is designated a business sale. This includes dealer demonstrators.

Fleet

If the vehicle is being registered by a company that operates a fleet of 25 or more vehicles, it is designated a fleet sale. This includes dealer demonstrators and Motability-leased vehicles.

Private

If the vehicle is being registered primarily for the personal use of a private individual, it is designated a private sale.

SMMT Quality Management

SMMTQM, a training and business consultancy, initially formed in 1996 as a unique collaboration between leading vehicle manufacturers, SMMT and government to improve the performance and competitiveness of the UK's automotive supply chain. Continued measurable success has led to sustained growth into many other sectors including aerospace, construction, domestic appliances, electronics and food. Industry Forum now provides support to blue chip organisations in more than 30 countries across five continents.
www.smmtqm.co.uk

The Motor Ombudsman

The Motor Ombudsman is the automotive dispute resolution body. Fully-impartial, it is the first Ombudsman

to be focused solely on the automotive sector. It self-regulates the UK's motor industry, drives up standards and gives consumers added protection through its comprehensive Chartered Trading Standards Institute (CTSI)-approved Motor Industry Codes of Practice.
